PROFESSIONAL SUMMARY

A results-driven Backend Developer with expertise in building scalable web applications and optimizing system performance. Proven ability to leverage technologies like Node.js, PHP, and .NET to deliver efficient digital solutions. Combines strong technical proficiency with excellent problem-solving and collaboration skills to drive project success.

TECHNICAL SKILLS

- Languages & Frameworks: Node.js, Express.js, PHP, C#, .NET
- Databases: MySQL, MongoDB
- Tools & Platforms: Git, GitHub, Paystack API
- Concepts: RESTful APIs, System Architecture, Troubleshooting

PROFESSIONAL EXPERIENCE

Technical Support | Helium Health

State Specialist Hospital, Ijero-Ekiti, Ekiti State | (Aug 2024 - Mar 2025)

- Reduced system downtime by 25% through proactive troubleshooting and resolution of hardware/software issues.
- Trained 50+ medical staff on EMR system functionalities, improving overall workflow efficiency by 30%.
- Implemented an automated backup system, ensuring 99.9% data reliability and security.

Computer Teacher (NYSC) | Babatope Memorial High School

Ikoro Ekiti, Ekiti State | (May 2024 - Mar 2025)

- Enhanced student performance by 20% by developing and delivering interactive coding and computer science lessons.
- Created and implemented curriculum-aligned lesson plans that incorporated modern technology stacks.

Software Development Trainee | 3MTT (HS Project)

Ibadan, Oyo State | Jan 2024 - Mar 2024

- Developed a scalable web application using the Node.js, Express.js, and MongoDB stack.
- Collaborated effectively in a team environment using Agile development methodologies.

PROJECTS

Nacos TPI Portal | PHP, Paystack

Developed a web application for streamlined departmental dues payment, reducing manual processing time by 40%.

Food Ordering Website | PHP, MySQL

Engineered a responsive food delivery web app, enhancing order accuracy and improving customer satisfaction.

Inventory Management System | C#, .NET, PHP

Created a desktop/web application for efficient sales tracking and inventory control, optimizing reporting processes.

EDUCATION

HND Computer Science (Upper Credit) | The Polytechnic Ibadan | (2021 - 2023)

ND Computer Science (Upper Credit) | The Polytechnic Ibadan | (2017 - 2019)

CERTIFICATIONS

- Software Development Certificate | TECH4DEV | 2025
- Backend Development and Job Readiness Certificate | Nupe Tech Community | 2025
- National Youth Service Corps (NYSC) Certificate | 2025
- Software Development Certification | 3MTT | 2024
- Web Design and Development Certificate | Terra Learning (formerly Side Hustle Internship) | 2021

ADDITIONAL EXPERIENCE

- FixIt9ja Mechanic Platform: Led the backend sub-team in developing a platform connecting mechanics and car owners, streamlining service requests and improving UX.
- Wema Bank Hackathon 4.0: Engineered backend solutions for a healthcare platform during the hackathon.
