Objective

An ambitious, problem solving back-end web developer with a high level of experience working on multiple projects. Self-motivated, passionate and hardworking with a penchant for meeting deadlines.

Interested in a role with a well-established organization that appreciates dedication and hard work, to learn and utilize my knowledge and experience, in order to achieve goals and objectives of the organization in line with individual and corporate objective.

Skills and Technologies

- **Languages:** PHP and C#
- **Database:** MySQL
- **Version Control:** Github
- **Other Skills:** Communication, Teamwork, Problem Solving, Time Management, Critical Thinking, Object Oriented Programming (OOP).

Work Experience

Software Director 1   **Sept 2022 – Aug 2023** (full-time)
Computer Science Department (Session 2022-2023)   Ibadan, Nigeria
(The Polytechnic Ibadan)

- Developed a responsive, and functional web applications in HTML, CSS, JavaScript, and used PHP as the backend language to carry out CRUD features thereby improving the user experience. It enables student(s) to pay their departmental due, download their results, download materials relating to their levels. It also has an e-library. The payment gateway implemented on the system is the Paystack payment gateway.
- Implemented Paystack payment gateway into the system for payment transaction.
- Ensured error handling everywhere necessary to improve user experience and prevent memory leaks.
- Developed a responsive voting system which was used for the 2023-2024 academic session.
- Carried out a 4 weeks boot-camp with my software team, where they were taught HTML, CSS, JavaScript and Graphics Design.

IT Instructor   **Jan 2023 – Present** (part--time)
Mailop Technologies   Ibadan, Nigeria

- Designed and develop a curriculum that covers various topics in PHP
- Assessing students understanding on what has been taught through quiz, exams, assignments and projects
- Providing guidance, mentoring and encouragement

IT Instructor   **Jan 2023 – Present** (part--time)
Peak Info-Tech Systems   Ibadan, Nigeria
